Dear Dr. Potturi

It is our pleasure to confirm your final fellowship placement:

**from 6 February 2017 to 17 March 2017 (6 weeks) with Dr. Yi Zhang
at the Peking University School of Stomatology, in Beijing, China.**

During your stay you will receive an AO stipend (CHF 3,000.00 / 6 weeks) which will be paid out in the local country currency and given to you approximately 1 - 2 weeks after your arrival at the host clinic. **With this allowance you must pay your accommodation and meals.**

Please note that AOCMF is not able to arrange accommodation in Beijing and we suggest that you contact the office of the host clinic immediately for further details.

Travel costs are entirely at your own expense.

We ask that you contact the host clinic to announce your exact arrival date and time. Please arrive on a weekday and not during the weekend.

You must contact the Chinese embassy immediately to apply for the entry-visa. Please use the enclosed confirmation letter when applying for the visa, stating that you will not work and will only be an observing guest surgeon.

We would like to draw your attention to the fact that during your stay, **you will not be covered by insurance against illness or accidents during working hours or non-working hours by AOCMF or the host hospital.** If you do not have insurance, we strongly recommend that you arrange for it before leaving for your fellowship.

Furthermore, you will not be covered by mal-practice insurance. We strongly recommend you arrange for malpractice insurance before leaving for your fellowship.

Any information and images collected from the clinic must be treated in the strictest confidence. Permission must be obtained in advance for any non-clinical use.

When you finish your fellowship you must send your completed "Confidential Report of a Fellow" and your logbook to our office. Within one month after our receipt of your report and logbook, you will receive your fellowship certificate.

We wish you a successful and pleasant stay in Beijing.

Sincerely,
