ANALYTICAL SKILL DEVELOPMENT

MOTIVATED LEARNING PROGRAMME (MLP)

REPORT 2023-2024

Summary

Motivation, as the name suggests, is what” moves” us. It is the reason we do anything at all. For students, a lack of motivation has long been one of the most frustrating obstacles to learning which draws them behind in achieving their academic exercises. Keeping them in mind the students with setbacks are constantly nourished through “MLP”

MLP has come in to force since 2012 which focuses on slow learners by allotting extra hours and deals with one to one basis. The HODs of the respective departments are the chair persons and the rest of the faculty act as members. MLP not only developed student’s ability in understanding the subjects but also evoked their analytical thinking for a better professional tomorrow.

CODE OF ETHICS- PROFESSION

Date:06.09.2023

Venue: Lecture Hall 3

Time: 9.00-10.00 am

Faculty Name: Dr. Amarendar Reddy .A

Ethics forms an important part of profession. The code of ethics prescribed by the regulatory bodies as well as professional associations act as a guiding light in distinguishing between right and wrong, observing ones duties and maintaining good interpersonal relationships. Dental ethics would mean moral duties and obligations of the dentist towards his patients, professional colleagues and to the society. It is intended to heighten ethical responsibility, promote ethical conduct in dentistry, advance dialogue on ethical issues and stimulate further reflection on common ethical problems in dental practice. So to incorporate the same in the students the above programme is organized.
